

Facilities Maintenance Technician Opening

Are you a talented pump mechanic that is looking to work in a dynamic water utilities environment? Then come apply with the City of Georgetown!

The City of Georgetown is now accepting applications for the position of Facilities Maintenance Technician. This position is responsible for inspecting, maintaining and repairing equipment and systems associated with the City Water Treatment and Wastewater Treatment Plants, pumps stations, water wells and elevated tanks. Working knowledge of pumps, engines, generators, electronics, electrical circuits and SCADA is desirable.

Salary Range: \$29,473-\$41,262.

Minimum Qualifications: Requires a High School diploma or Vocational School Diploma supplemented by a minimum of three to four years of experience in the maintenance field, or an equivalent combination of education, training and experience that provides the required knowledge, skills and abilities. Must have a valid South Carolina Drivers License. Must have a Class "B" CDL License and a Class "D" Wastewater Collection License or the ability to obtain both within a designated timeframe from hire.

Deadline for all applications: June 30, 2014

Applications may be obtained at City Hall,

120 N. Fraser Street, or from the City's website www.cogsc.com

Please mail completed application & resume to the address above or fax to

843-527-6173.
